Review/Approval of Electronic Payroll Action Requests (ePARs)

- New Hires
- Job Changes
- Lump Sum Payments
- Funding Swaps
- Payroll Accounting Adjustment Tool (PAATs)
- Position Changes

The Central Effort Analysts must review and approve all ePARs impacting sponsored projects and meet the biweekly (SHRA) and monthly (EHRA) processing deadlines, based on the HR Payroll Lockout and Confirm Schedule.
Effort Reporting

- Federally required per the Uniform Guidance, previously OMB Circular A-21.
- The University must assure sponsors that the effort expended on sponsored projects justifies the salary charged to those projects.
- Effort is the proportion of time (reasonable estimate) devoted to sponsored projects, teaching, and other university activities, expressed as a percentage of total university effort.
- Effort certification is our retrospective review and attestation of how salary and cost share were actually expended during the Period of Performance (January 1 – June 30; July 1 – December 31).
Fall 2019: Effort Certification Period Timeline

- Thursday, August 15, 2019: Pre-Review Begins.
- Tuesday, September 3, 2019: Certification Period Begins.
- Thursday, October 3, 2019: Escalation Period Begins.
- Friday, November 1, 2019: Certification Period Ends.
- Wednesday, November 27, 2019: All True-Ups Due in OSR’s Worklist.
What is the F&A Cost Rate?

- A single number that reimburses the institution for the use of:
  - Buildings
  - Equipment
  - Interest on Debt
  - Operations and Maintenance
  - General Administration
  - Departmental Administration
  - Sponsored Projects Administration
  - Library
What is the space survey?

- The space survey is the process of assigning institutional space into functional categories in accordance with OMB Circular A-21 and Appendix III to 2 CFR Part 200 based on institutional use of the space.

- The results are used to calculate the percentage of space that is used to support Organized Research and support the subsequent allocation of space related costs to Organized Research.

- Used to allocate Building and Equipment Depreciation, Interest and O&M, i.e. all the “F” components except Library.
The F&A Rate Calculation

- **Audited Financial Statements** → **Total Costs** → **Adjustments & Transfers** → **Review for Unallowable Expenses Applicable Credits** → **Assign Expenses to F&A Pools and Direct Bases**

**F&A Costs Pools:**
- Depreciation
- Operations & Maintenance
- General Administration
- Departmental Administration
- Sponsored Program Admin.
- Library
- Student Admin. & Services

**MTDC Exclusions:**
- Capital Expenses
- Subcontracts >$25k
- Scholarships/Fellowships
- Patient Care Costs
- Tuition Expenses
- Rental Costs

**Other Exclusions:**
- Cost of Goods Sold

**Direct Cost Bases:**
- Instruction and Dept. Research
- Organized Research
- Other Sponsored Activities
- Other Institutional Activities
- Other Special Direct Bases

Research Service Center Overview

- **Research Service Center**: RSCs provide specialized services or products to University users for a predetermined fee. The costs are separately accounted for and recovered on a break-even basis by charging a fee to users in proportion to services rendered.

- The primary purpose of the RSC is to support University researchers; however, services may also be provided to external users.

- OSR Cost Analysis team provides oversight.

Current Takeaways from NSF Audit

- Documentation
  - How does/did this expense benefit the project?
  - When was this item received and available for use?
  - Was this item used exclusively for this project?
- Allocation of expenses to multiple projects
  - Cannot be based on available budget
  - High degree of accuracy
  - Must be a reasonable/justifiable allocation method
- Travel justifications
- Period of performance (prior to award and after award)
- Timely payments of invoices
  - Including subrecipient invoices
