

UNC - IACUC Rodent Anesthesia/Analgesia/Procedure Record

(Use a separate sheet for each species/surgery date/surgery type)

Date: _____ PI: _____

Protocol: _____ Species: _____

Procedure: _____

Survival Surgery / Non-Survival Surgery / Other Anesthetized Procedure (circle one)

Surgeon(s) (Please Print): _____

Pre-Operative Preparation Checklist:

Instruments Sterilized	<input type="checkbox"/>	Drugs Logged	<input type="checkbox"/>
Eye Lubricant	<input type="checkbox"/>	Recovery Cage	<input type="checkbox"/>
Surgery Area Cleaned	<input type="checkbox"/>	New or Sterilized Instruments	<input type="checkbox"/>
Heat Source Aseptic Animal Prep	<input type="checkbox"/>	Between Animals	<input type="checkbox"/>

Check here if utilizing the 'No Touch' method. Only sterile instruments are allowed to come into contact with exposed tissue

Pre & Intra Operative Treatments (In addition to recording below, DEA also requires a separate log sheet with a running balance of the controlled drug)

	Drug	Lot number/Expiration date	Concentration (mg/ml)	Dose (mg/kg)	Route
Anesthetic #1					
Anesthetic #2					
Analgesic					

Required for all anesthesia usage

Additional information required for Survival Surgery or Procedures requiring analgesia

	Animal ID/Cage or Group of Rodents	Surgeon Initials	Animal Weight (g)	Anesthesia #1 Volume (ml)	Anesthesia #2 Volume (ml)	Inhalational Anesthesia Start/Stop time	Anesthetic Plane Verified (i.e. toe pinch)	Time of Analgesia Delivery (if applicable)	Time of Recovery	Light Pink Card Placed *	Comments/Notes
1											
2											
3											
4											
5											

* DCM provided light pink cards found in all animal rooms **must** be placed on each cage following any type of procedure requiring post-procedural monitoring/analgesia.

* Either complete the light pink card and retain the cards for regulatory review OR complete BOTH the light pink card and the opposite side of this template. Note: Labs may choose to create & utilize a PI/procedure specific log other than this template, however, the PI/LAC should ensure that all requirements included in this template, are included in the PI specific template.

UNC - IACUC Rodent Anesthesia/Analgesia/Procedure Record

(Use a separate sheet for each species/surgery date/surgery type)

Continued from other side—Post Procedure Log (Survival Surgery or Procedures Requiring Analgesia Only)

Drug	Lot number/Expiration date	Concentration (mg/ml)	Dose (mg/kg)	Route	
Analgesic #1					* DCM provided light pink cards found in all animal rooms must be placed on each cage following any type of procedure requiring post-procedural monitoring/analgesia.* Either complete the light pink card and retain the cards for regulatory review OR complete BOTH the light pink card and the opposite side of this template. Note: Labs may choose to create & utilize a PI/procedure specific log other than this template, however, the PI/LAC should ensure that all requirements included in this template, are included in the PI specific template.

	Monitoring							

All procedures, anesthetics, analgesia, and monitoring must be performed according to protocol.

Dates of all observations, treatments and procedures are required to be recorded.

Dates and times **(including AM/PM)** of all time-sensitive observations or treatments (post-operative evaluations, pain medication) are required to be recorded. All records must be available for review at any time by IACUC and external regulatory officials.
