

IRBIS changes, effective 6:00 PM, June 14, 2018

IRBIS 5.09.11 Update:

Departmental Certification Reminders have been implemented. Reminders are sent at day 0, day 7, and nightly thereafter until the certification requirement has been fulfilled.

This also occurs for PI and FA certification reminders. We are working hard to clear up delays in the submission routing process.

New Document type: PRC Review Documentation

Now as an option under the attachments document type. Currently it is not a required document for the submission, but only a label for documents that are uploaded. The required attachment option could be added as a next step.

>> 2. UPLOAD ATTACHMENTS :

Use this section to upload attachments listed above. Select the appropriate Document Type for each unique file name. (Why is this important?) You can also upload additional materials not listed above. Do not use this section to replace documents already listed below under "Revise/Replace Pre..."

Document Type:

- Cognitive Assessment Tool
- Email Correspondence (convert to PDF or TXT)
- Emergency Use Report
- Expanded Access IDE (Devices) Addendum
- Expanded Access IND (Drugs) Addendum
- Humanitarian Use Device (HUD) Addendum
- IDE application cover letter
- Other
- PRC Review Documentation**
- Research Ethics Training
- Scientific Review Documentation

Attachment:

New Documents Only

Admin buckets have been updated with the new grid format. This should increase screen load screens.
