## IRBIS Server Update

The IRBIS server is being updated to increase response speed.

## Create Annual COI, AR Date being displayed

In the admin view, when the Annual COI submission is displayed, prior to being transitioned to a Renewal (AR or CR), the AR date is no longer being automatically displayed.

The screenshot shows the IRBIS web application interface. At the top, there is a navigation bar with links for HOME, COMMITTEE REVIEWS, ADMIN, REPORTING, GENERAL MANAGEMENT, HELP, DEVELOPER, and LOGOUT. The main content area is titled "Study History" and includes a search bar for IRB Number (00-0000) and a "Back to previous page" link. Below the search bar, there is a summary for IRB No: 04-1383, Study Status: Approved, IRB: Biomedical, Expiration Date: 12/19/2019, PI: Amanda Nelson, Last Approved: 12/20/2018 (NFB), and Study Notes: None found. There are also "Study Tags" for Continuing Review and Pre 2018 Requirements. A section titled "Submissions for 04-1383" shows a table of submissions with columns for Submission Type, Reference ID, Approval State, Date Routing Complete, Action Date, Expiration Date, AR Date, and Review Type. The table lists several submissions, including an Annual COI (Submitted 11/04/2019) and several Renewal (Data Analysis) submissions (Approved 12/04/2018, 01/30/2018, 01/09/2018, 02/07/2017). The AR Date for the Annual COI submission is highlighted in yellow.

Submission Type	Reference ID	Approval State	Date Routing Complete	Action Date	Expiration Date	AR Date	Review Type
Annual COI	251039	Submitted	11/04/2019				
Renewal (Data Analysis)	237067	Approved	12/04/2018	12/20/2018	12/19/2019		Not Full Board

For Rely On review result, add ability to check "n/a" as Expiration Date

Some of the external institutions are no longer assigning expiration dates due to the changes to common rule. When adding or removing dates, the N/A checkbox was not being displayed properly. This has been fixed. When the letter is finalized, the Review Results screen will now display a green check when utilized.
