Evolving Situation

Managing grants and contracts is an evolving situation

As guidance comes out from our sponsors the information provided can change

The details provided in today's webinar are up to date as of July 7th.

Sponsor and university guidance can change so keep an eye out for updates and if unsure ASK your SPS!
Today’s Webinar

What will be covered
- How to manage federally funded projects impacted by COVID-19
- Better Understanding of the Differences between Grants and Contracts
- Broad overview of the flexibilities provided by OMB and our sponsors
- Resources & FAQ’s for federally funding projects

What will not be covered
- How to manage any other source of funding impacted by COVID-19 (Industry webinar available and Future Non-Profit webinar)
- Detailed information on salary and effort (Future webinar)
- Resources & FAQ’s for non-federal funded projects

Office of Management and Budget Flexibility (M 20-26)

OMB 20-26 provides an extension for some of the flexibilities provided in OMB M20-17 & OMB M-20-20

Extension of Allowability of Salaries and Other Project Activities through September 30, 2020

- Allows for recipients to continue to charge salaries and benefits to active federal awards consistent with University Pandemic Policy from all funding sources.
- Payroll costs paid by any Federal CARES Act programs must not also be charged to grants.
- Due to limited funding resources recipients are encouraged to exhaust other available funding sources to sustain workforce. Recipients should retain documentation of their efforts to exhaust other funding sources to reduce overall operational costs.

Extension of Single Audit Submission through December 31, 2020

Sponsor Guidance (Cont.)

- As a reminder, it is a **requirement** to include research impacts of COVID-19 in your progress reports or RPPRs. Recipients of federally funded research must report on any effects of COVID-19 on the research in their next progress report submission.

- The Office of Sponsored Research (OSR) offers a [sponsor letter template](https://research.unc.edu/2020/06/16/covid-19-impacts-and-federal-progress-report-submissions/) that may be referenced for standard language appropriate in detailing the University’s guidance on reduced operations. However, **DO NOT** submit standard letters (unless directed by the sponsor). For assistance with completing and/or submitting the reports, please work with your [OSR Sponsored Projects Specialist or Sponsored Programs Grants Analyst](https://research.unc.edu/2020/06/16/covid-19-impacts-and-federal-progress-report-submissions/).
Managing Federal Grants Impacted by COVID-19

Key Takeaways

- OMB, Sponsor, and Universities guidance provides for flexibilities and waives prior approval request
- **Documentation** is very important!
- Consistency with the Universities policy on how we charge funding is required
- Notification through progress reports is required
Managing Federal Contracts Impacted by COVID-19

Overview

- Prior Approval Request (PAR) Process
- CARES Act Guidance
Prior Approval - Requirements

Prior Approval Requests (PAR) – Work with department research administrator to identify changes requiring approval due to the impact of COVID-19 such as:

- Administrative Leave Pay for Idle Staff not Working on Project
- Changes in Deliverable Schedule
- No-Cost Extension
- Additional Funding Request

Complete the Prior Approval Request Form: [https://research.unc.edu/sponsored-research/forms/#secPrior](https://research.unc.edu/sponsored-research/forms/#secPrior)

- Instructions & Form
- Submit PAR to OSR (ResAdminOSR@unc.edu)
CARES ACT Guidance

• Implementation Guidance for Section 3610 of the Coronavirus Aid, Relief, and Economic Security (CARES) Act: Contractors may receive reimbursement if they can document that the employees:
  1. if not for the COVID-19 pandemic, would work on a site approved by the Government pursuant to the contract(s) under which the claimed costs are sought;
  2. could not perform work on such Federal Government approved site due to closures or other restrictions resulting from the COVID-19 pandemic;
  3. were unable to telework or otherwise work remotely under the applicable contract(s) during the COVID-19 pandemic;
  4. received paid leave for some period between January 31, 2020, and September 30, 2020, and
  5. were paid leave at rates calculated based on the rates the contractor would have paid the employees to whom it is providing paid leave, but for the COVID-19 pandemic.

• If you are an awardee of a federal contract and need to request reimbursement, please reach out as soon as possible to the Office of Sponsored Research. Your Sponsored Projects Specialist will review and submit your request to the sponsoring Contracting Officer for prior approval.
