IRBIS System Update: 6.01.09

31068 – OSPREY COI Update

Addresses the syncing issues between the OSPREY system and IRBIS when displaying Network Entity COI Disclosures.

31275 – CKEditor v3.0 Revision to Add Numbered Lists

The existing CKEditor display has been revised to include an added Numbered List option:

After selecting the numbered list option, right click and selected Numbered List Properties.

31161 – Assurance Letter & Management Plan Icons

The icons displayed in the Assurance Letter & Management Plan view of the COI/Training table were not being displayed properly. This has been resolved.

30977 – Initial Submissions CITI Training Display Icons

For initial submissions, the CITI training expiration grandfathering policy does not apply. If expired, a red X will be displayed regardless of CITI Training Renewal date.

31060 – Apple Users Chrome Notice

Users previously saw a pop-up that Safari should be used instead of Chrome. This has been removed. Apple users may experience issues when using anything besides the most up to date version of Safari, particularly with Administrative Review submissions. Chrome or Firefox may be used instead.

30945 – IRB Review of Greater Than Minimal Risk Projects

Studies where the Greater than minimal risk study level tag has been applied, will have a pop-up displayed to confirm selection of Not Full Board Review:

This IRB has the “Greater than Minimal Risk” study level tag. These projects are indicated for Full Board Review. Do you want to continue with Not Full Board?

The screenshot displays the IRB system interface. At the top, there is a navigation bar with 'ADMIN', 'REPORTING', 'GENERAL MANAGEMENT', and 'HELP'. Below this, there is a search bar for 'IRB Number' with the value '00-0000' and a 'Search' button. The main content area shows details for a submission with Reference ID '245860', Status 'Submitted', and Date '04/22/2019'. A 'Greater than Minimal Risk' tag is visible. A confirmation dialog box is open, asking 'Do you want to continue with Not Full Board?' with 'OK' and 'Cancel' buttons. Another dialog box, 'Create Review', is also open, showing a dropdown menu for 'Please select a review type:' with 'Not Full Board (Expedited)' selected. Below the dialogs, there is a table of submissions with columns for Reference ID, Approval State, Date Routing Complete, Action Date, Expiration Date, AR Date, and Review Type. The table contains several rows of data, including one with Reference ID '245860' and Review Type 'Not Full Board'.
