INT DEADLINE	EXT DEADLINE	OPPORTUNITY NAME	OPPORTUNITY DESCRIPTION
		Advance Therapeutics (AdvanTx) Initiative	UNC-CH is a national and world-renowned leader in foundational research and the translation of innovative research discoveries into technologies which transform healthcare outcomes. As part of the University's commitment to fully maximizing the potential of early-stage research at UNC-CH, the Office of the Vice Chancellor for Research is launching an initiative to create the Advance Therapeutics (AdvanTx) team which will serve as a centralized resource for faculty to engage to develop therapeutic-related research and development projects. Interest in projects is agnostic to therapeutic modality and includes small molecules, biologics, gene therapy and others.
	03/01/2021	Wylie Scholar Program	Vascular Cures' Wylie Scholar Program is building a pipeline of innovators in vascular health. We provide 3-year career development grants to outstanding young vascular surgeon-scientists who combine active patient care with academic research. The award supports crucial research that enables them to compete for future research funding.
	04/12/2021	Behavioral Health Workforce Education and Training (BHWET) Program for Paraprofessionals	The purpose of the BHWET Program for Paraprofessionals is to develop and expand community-based experiential training such as field placements and internships to increase the supply of students preparing to become peer support specialists and other behavioral health-related paraprofessionals while also improving distribution of a quality behavioral health workforce.

A full description of the funding opportunity, including eligibility and funding amount will be found here. Once you decide a funding opportunity fits your needs, select Apply for this Opportunity or to keep looking, use the Go Back to Listing button which are both found at the bottom of the page.

OPPORTUNITY NAME

Opportunity	Wylie Scholar Program		
Sponsoring Agency		Funding Type	Other
Internal Deadline		External Deadline	03/01/2021
Website	https://vascularcures.org/wylie-scholar-program-2/		

ELIGIBILITY REQUIREMENTS for this Opportunity

To be eligible for consideration, Wylie Scholar candidates must hold a full-time faculty appointment as a vascular surgeon with active privileges at a medical school accredited by the Liaison Committee on Medical Education in the United States or the Committee for the Accreditation of Canadian Medical Schools in Canada. Only one nomination per institution per year will be considered.

The following conditions must be met:

- The candidate must have completed a Vascular Surgery Board of the American Board of Surgery or Royal College of Physicians and Surgeons of Canada approved Vascular Surgery training program, and be board-eligible or board-certified in Vascular Surgery.
- The candidate must be within 5 years of their first faculty appointment at the time of application.
- The candidate must be an active, practicing clinical vascular surgeon.
- The candidate must present convincing evidence of rigorous research training and significant research accomplishments to date.
- The candidate must not be currently funded by a career development award from the National Institutes of Health, Veterans Affairs, American Heart Association, or similar extramural funding agencies.

Selecting the Apply for this Opportunity will generate a new window asking for confirmation to create a new submission form. If an application has already been started, select close, and continue to the home screen to find the saved application. In the upper left-hand corner of the home screen, there is a small box that lists your opportunity submissions. Select New Forms to retrieve your saved application and continue working.
