Subject: Budgeting Fringe Benefits and Fixed Health Insurance Rates - FY 2022

The post-doc and student health insurance rates for sponsored projects have been set for the fiscal year (FY) 2022. The employee health insurance and retirement contributions are based on estimates from the NC Legislature FY 2022 budget proposals and will be updated when the final budget is approved. Refer to the attached rate schedules to appropriately determine personnel benefits in proposals.

The fringe benefits and health insurance amounts require separate calculations to incorporate them into a proposal. The variable rate of fringe benefits is applied to an employee’s proposed salary amount. The amount of fixed health insurance is calculated by including the prorated amount of insurance based on the proposed salary level. These two calculations are combined to determine the total amount to include in a sponsored project's budget.

**Schedule I** provides the finalized rates for permanent employees, post-doctoral appointees, and graduate students.

**Schedule II** lists supplemental fixed health insurance and fringe benefits rates applicable to UNC Faculty and Physicians (F & P) Practice Plan members only. This amount is in addition to the rates included in Schedule I.

A detailed breakdown of Schedules I and II are available online at

Fringe Benefit and Health Insurance rates are available on the OSR website and at
